

## TESTIMONIAL

Date: 12<sup>th</sup> December 2014

Contract No: SG4951-DSJV-CP00-CN-00032

Contract Date: 06 June 2014

**Project: Subcontract Instrumentation and Monitoring Works for Reclamation at Jurong Island Westward Extension**

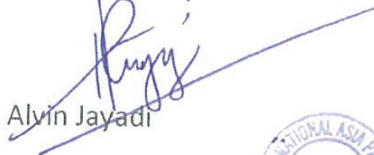

**Contractor: FOSTA PTE LTD**

We, Dredging International Asia Pacific – Starhigh Asia Pacific Joint Venture, engaged FOSTA Pte Ltd to supply and install structural and geotechnical instrumentation and initial monitoring works for the adjacent structures or properties for the Proposed Reclamation at Jurong Island Westward Extension (JIWE) project.

We had a good working experience with FOSTA Pte Ltd for the past six months. We feel very privileged to give a testimonial to FOSTA Pte Ltd for their work quality. During the time of working with FOSTA Pte Ltd, we had noticed that their installation procedures for structural and geotechnical instrumentation and monitoring were of highly met the standard with adhere to the strict compliance of safety. We definitely have to mention about their highly professional and good support teams.

We look forward to future collaboration with FOSTA Pte Ltd.

Yours sincerely

Alvin Jayadi

Design Manager for Jurong Island Westward Extension
